# Our values/

## Made in Italy

Selezioniamo le migliori materie prime e, secondo canoni estetici e funzionali, le trasformiamo in prodotti che interpretano con creatività il gusto italiano. Utilizziamo in uguale misura passione e tecnologia, cura del dettaglio e precisione, chimica e cultura, estetica e attenzione all'ambiente. Per noi Made in Italy è racchiudere tutto questo in ogni singolo prodotto.

## *Made in Italy*

*We pick the very best raw materials and we follow aesthetics and functional criteria to turn them into products embodying Italian taste and excellence. We sharply combine passion and technology, creativity and accuracy, science and culture, and environmental friendliness. To all of us, Made in Italy means gathering these features into every single product.*

## Greenthinking

Recuperiamo il 100% dell'acqua, autoproduciamo il 65% dell'energia, differenziamo il 98% dei rifiuti. Siamo stati i primi del settore ceramico a ottenere la certificazione PEF e tra i primi a guadagnarci l'EPD, la FDES e la HPDC. La maggior parte dei nostri prodotti è compatibile con lo standard LEED - Leadership in Energy and Environmental Design. Questo per noi è Greenthinking: un'asserzione molto seria, un impegno quotidiano.

## *Greenthinking*

*We recycle 100% of our water, produce 65% of our energy, separate 98% of our waste. We were the first company in the ceramic industry to obtain PEF certification and were among the first to earn the EPD, the FDES, and the HPDC certifications. The majority of our products comply with the LEED - Leadership in Energy and Environmental Design - standard. Greenthinking implies a solemn promise, an everyday commitment.*

# Mythology

## ISPIRAZIONE/ INSPIRATION

**Tales from the Villas** Le domus del Novecento sono come grandi farfalle posate delicatamente al suolo: mostrano un'architettura monumentale e, al tempo stesso, leggerissima. Così Gio Ponti, maestro del ventesimo secolo, vedeva la sua Villa Planchart, a Caracas: vivace, armoniosa, uno scrigno di decorazioni ricche e multiformi. Tra scorci interni e aperture panoramiche, appaiono soffitti e pareti variopinte, pavimenti ricoperti di marmi incantevoli e palladiane dalle geometrie preziose, da cui è difficile staccare lo sguardo.

**Tales from the Villas** The domus of the 1900s are like giant butterflies resting gently on the ground, revealing a monumental yet incredibly light architecture. This is how 20th century designer Gio Ponti saw Villa Planchart, his home in Caracas: a harmonious plethora of rich and varied decorations overflowing with life. As you take in the interiors and panoramic expanses, the multicoloured walls and ceilings that appear, along with superb marble floors featuring exclusive geometries in the Palladian style, make it almost impossible to look away.

5

FORMATI/  
SIZES

2

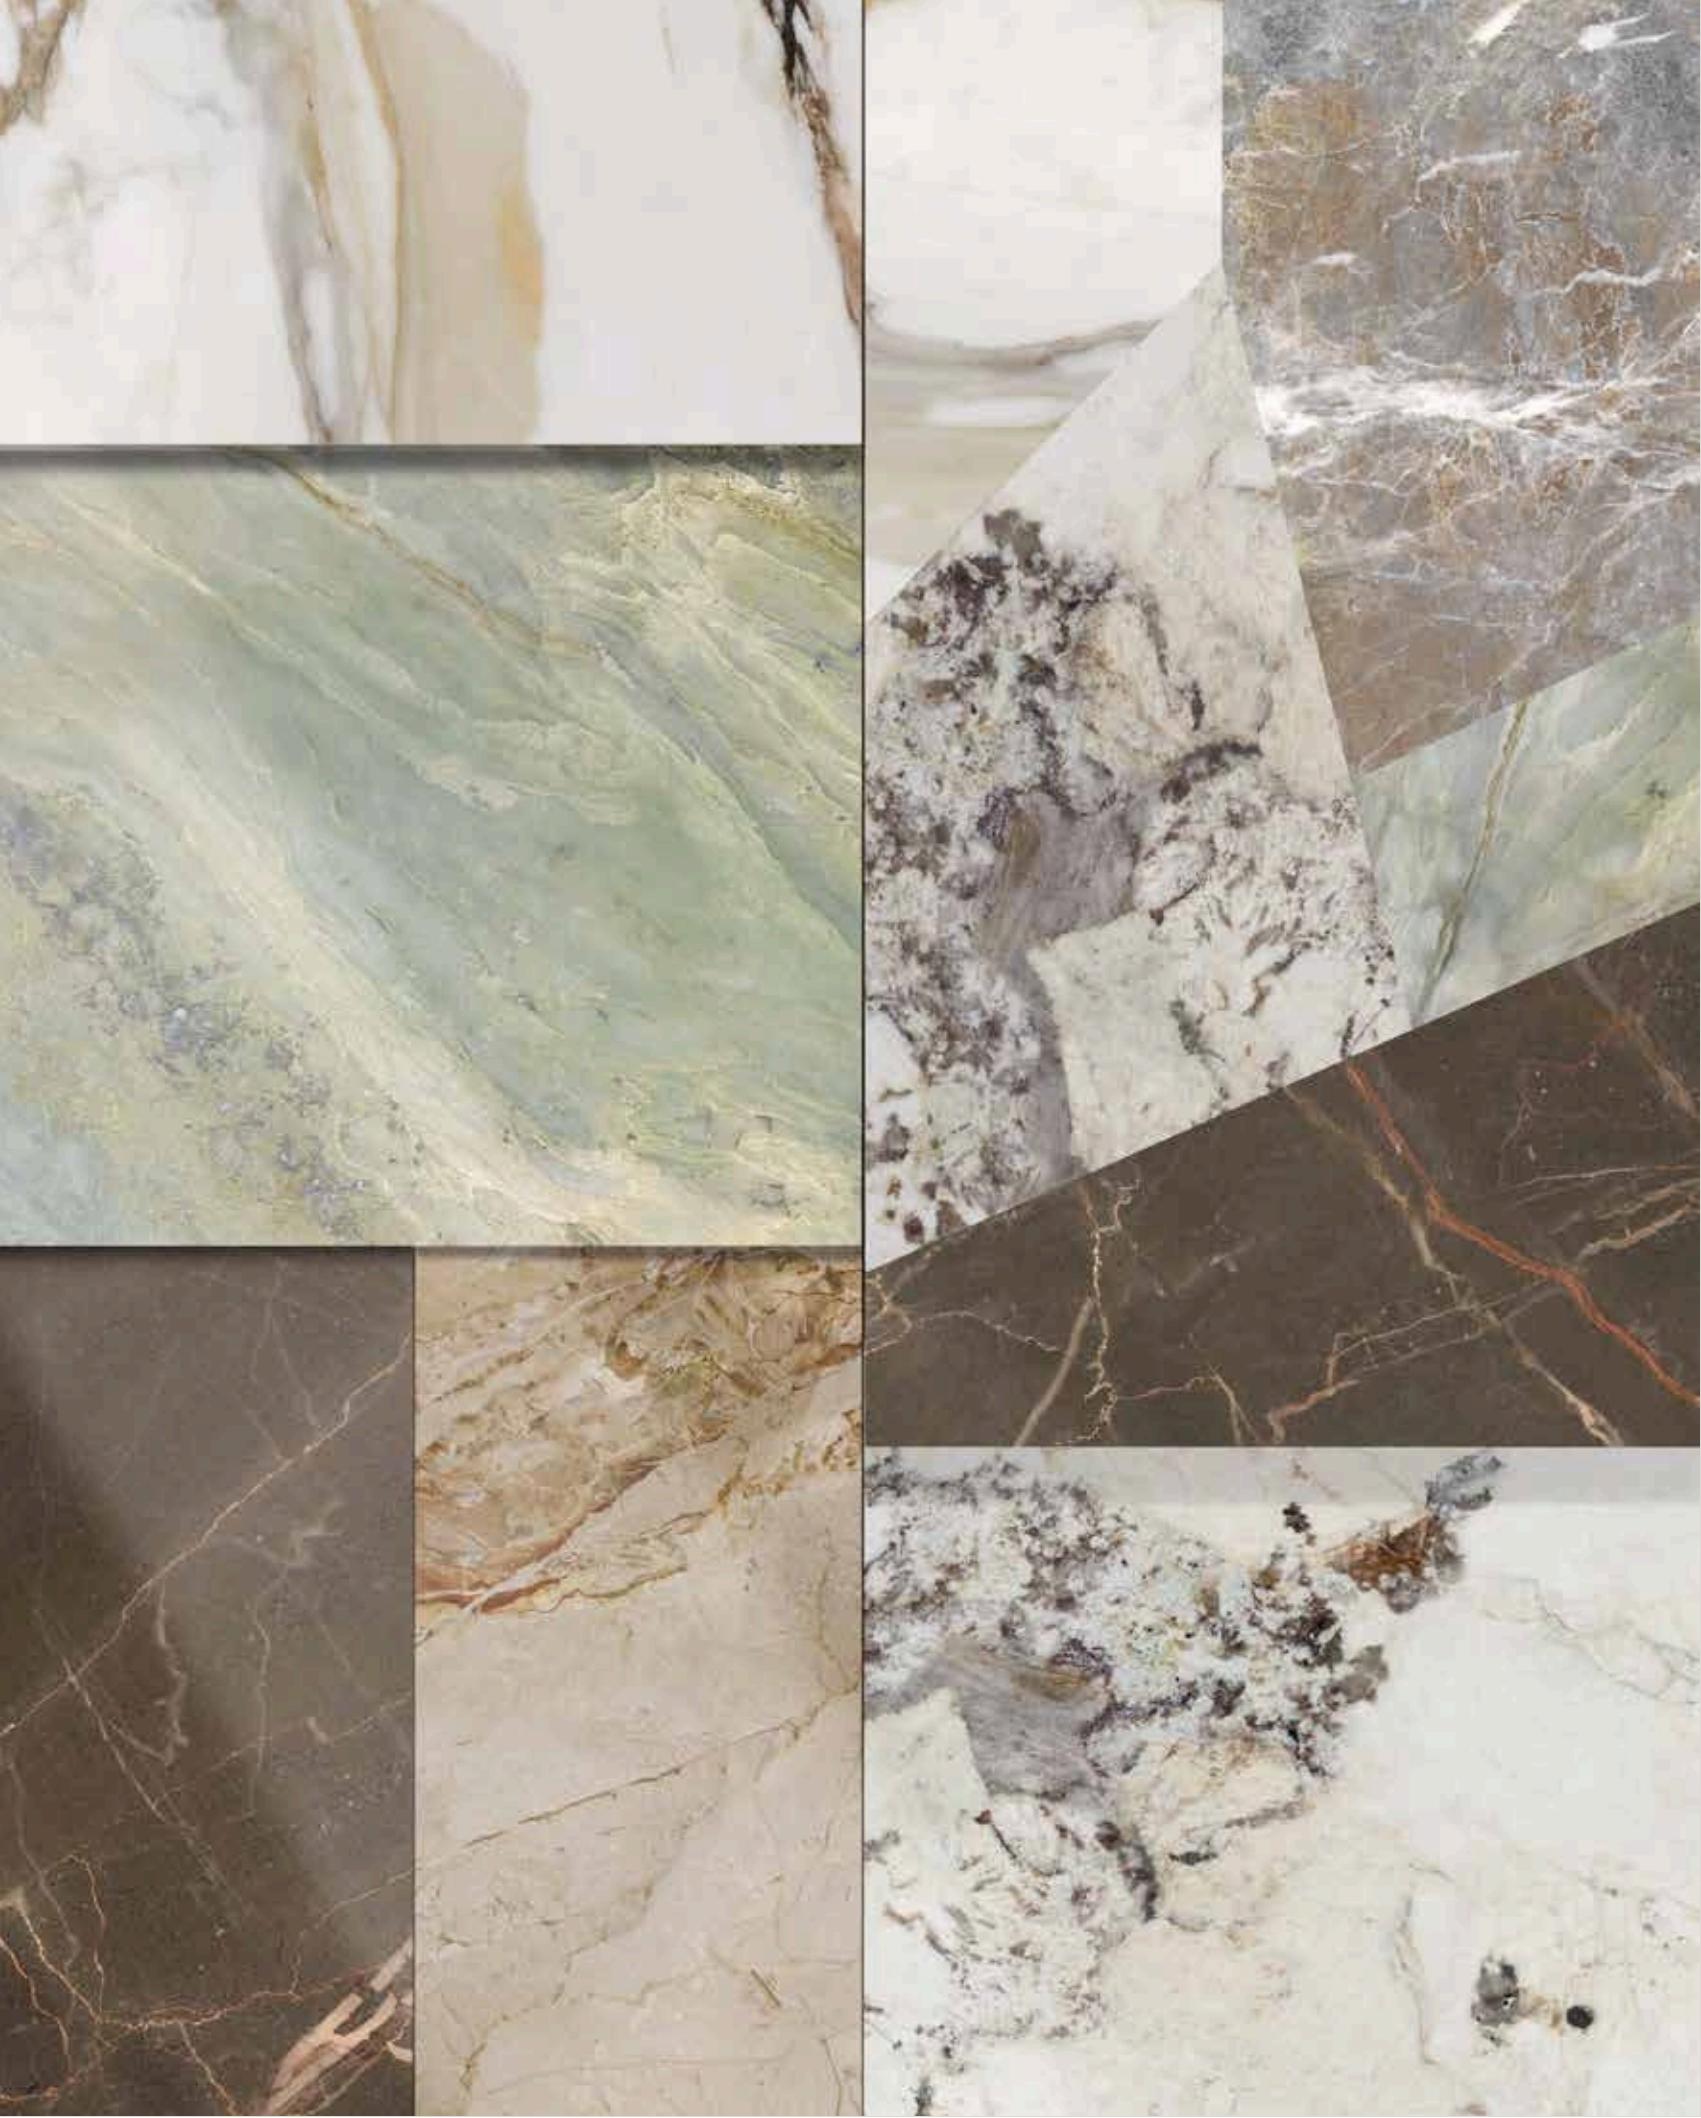

SPESSORI/  
THICKNESSES

**Formati e spessori** Ricerca

espressiva e raffinatezza tecnica si incontrano, ancora una volta, nelle cinque misure di Mythology - tutte di lato 120 cm, ad eccezione del formato minimo, il quadrato 60x60 cm. La grande lastra in 6mm, sintesi di resistenza tecnica e di eccellenza estetica, offre una dimensione privilegiata per godere delle trame imprevedibili e ricchissime delle superfici in marmo ceramico.

**Sizes and thicknesses**

*Expressive research and technical finesse are reunited in all five sizes of Mythology - all of which measure 120 cm along the side, with the exception of the smallest size, the 60x60 cm square. The large tile, in a thickness of 6 mm, combines technical strength and aesthetic superiority in a size which beautifully presents the rich and unpredictable textures of the ceramic marble surfaces.*

# 6

COLORI/  
COLORS

# 1

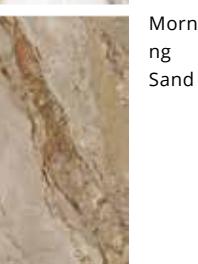

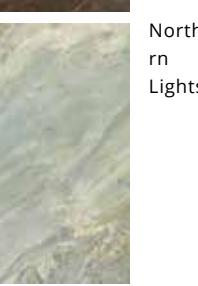

SUPERFICIE/  
SURFACE

## Colori e superfici II

carattere di Mythology è forte, la vocazione chiara: accendere, elevare, trasformare. Nelle geometrie palladiane e nei cinque colori si legge l'indole esuberante dei maestri dell'architettura moderna. Sotto una perfetta finitura lappata, il rigore del design accoglie l'imprevedibilità dei segni naturali: tutto affiora dando un nuovo, seducente senso alla parola decorazione.

## Colors and surfaces

*Mythology has a strong personality and a clear vocation: to ignite, elevate and transform. The exuberant souls of the architects behind its creation are immediately visible in the Palladian geometries and five shades of colour. The rigorous design that lies beneath a perfectly smooth finish embraces the unpredictability of the marks left by nature. Everything emerges, suggesting a new and seductive interpretation of the word "decoration".*

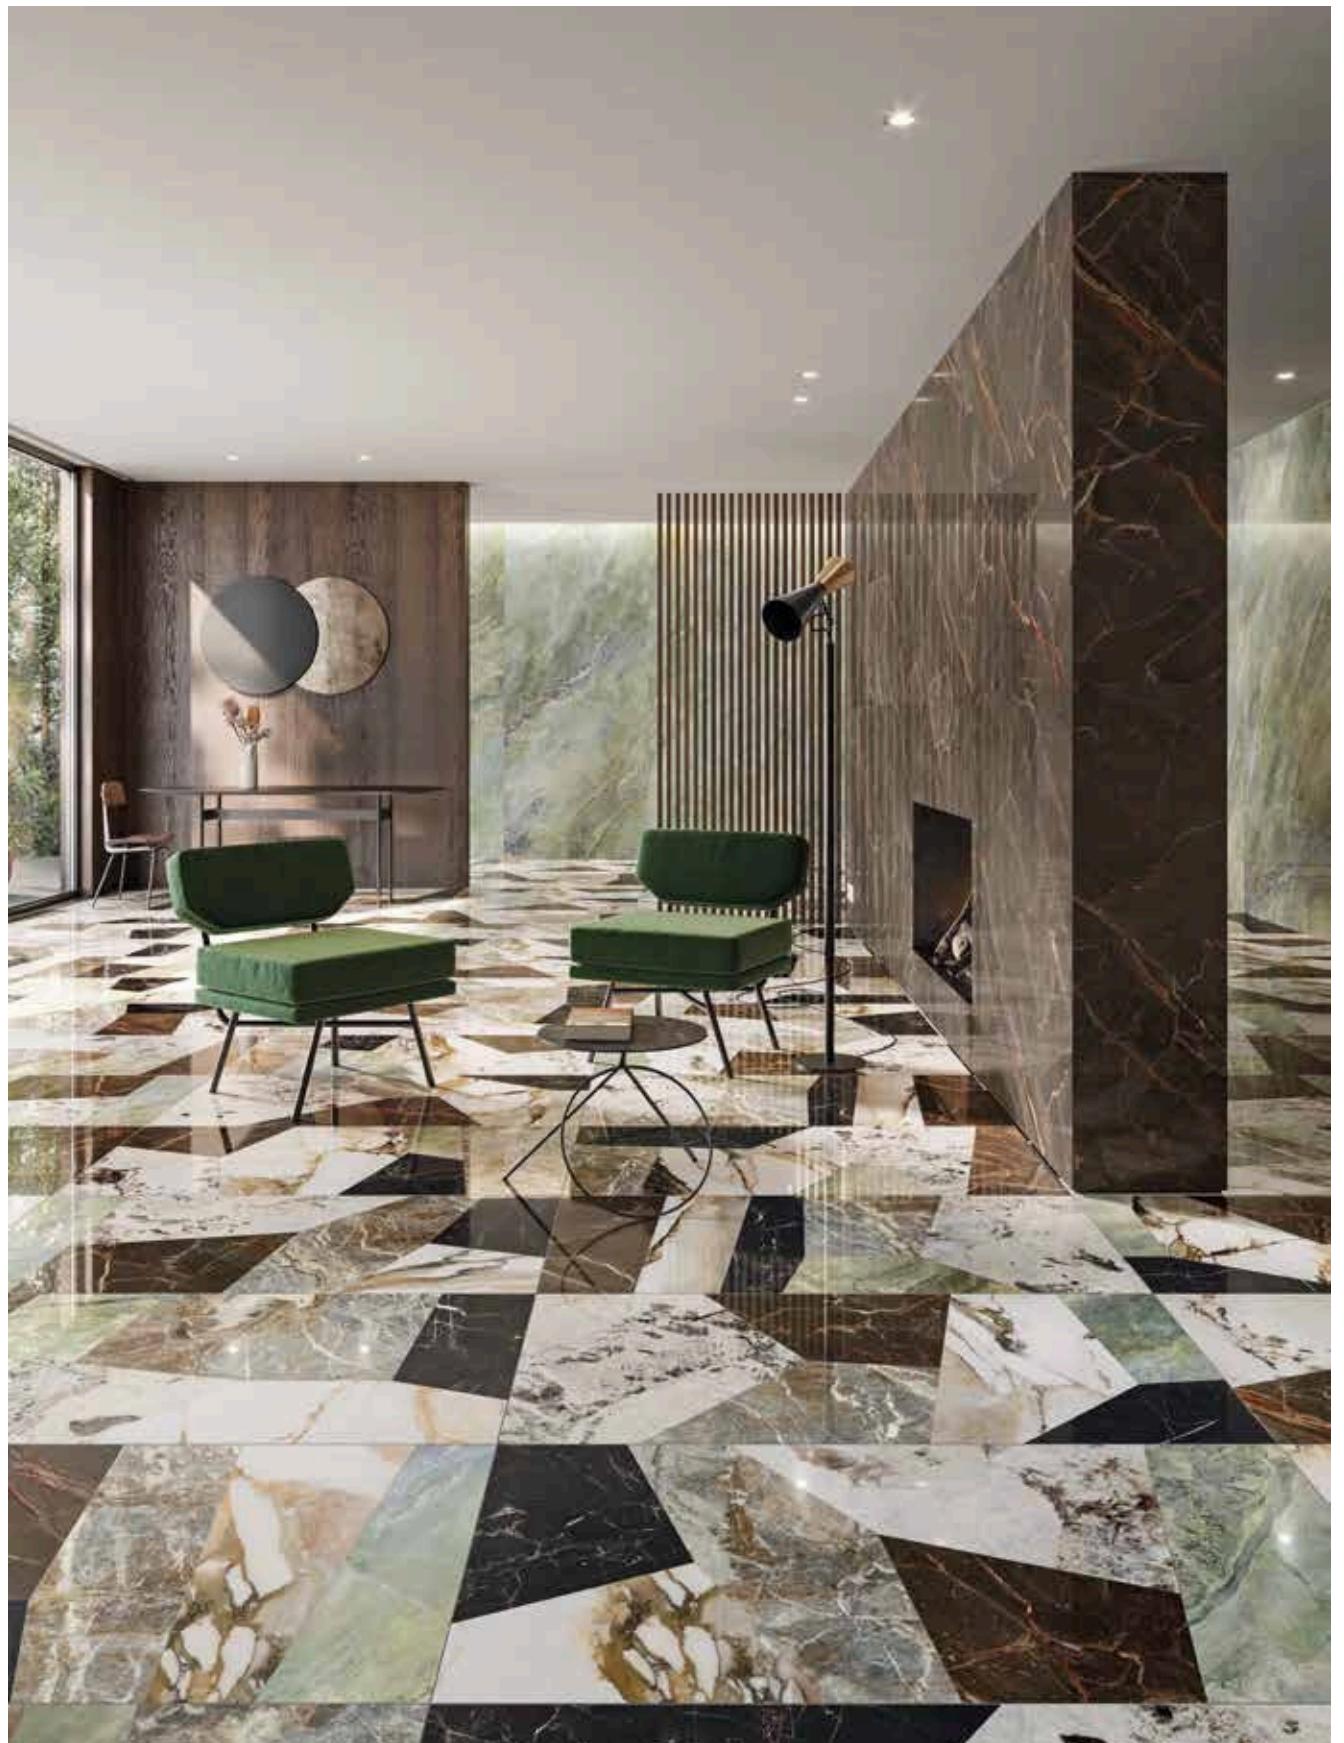

# Chamellion

Trasformata dalla combinazione perfetta di colore, forma e lucentezza, la palladiana spicca un volo maestoso di fantasia e rigore. Appena si posa, diventa un pavimento-farfalla o un rivestimento di rara bellezza. Marmi a spicchi liberano geometrie inaspettate, quasi magnetiche; colori di carattere diverso, celebrano l'uso creativo di materiali naturali in contesti avveniristici. Con Chamellion, gli ambienti

nuovi possono misurarsi con un secolo di architetture rivoluzionarie e, allo stesso tempo, lasciar viaggiare i progetti contemporanei verso confini decorativi che ancora non conosciamo / Transformed by the perfect combination of colour, shape and shine, the Palladian style takes flight on the wings of fantasy and rigour. As soon as it lands, it becomes a butterfly floor, a covering of rare beauty. Sections of marble release unexpected, almost magnetic geometries; varying colours celebrate the creative use of natural materials in futuristic contexts. Chamellion makes it possible for new interiors to contend with a century of revolutionary architecture while allowing contemporary projects to journey towards decorative frontiers that we have yet to discover
