Product description and installation suggestions: stoneware fired at high temperatures (refractory clays) and built in full body with hardeners (chamotte). The product is treated with water and oil repellent on the surface and after laying and grouting we recommend a coat on the surface with FILA W68 or similar product from another brand. All adhesives for porcelain stoneware are suitable and matching cement-based grout is recommended.

Classificazione secondo lo standard *UNI EN 87: Group AI-AIIa*  
*Metodo di formatura e grado di assorbimento d'acqua 0<AI-AIIa≤6%*  
*Classification in accordance with standard UNI EN 87: Group AI-AIIa*  
*Shaping method extrusion with water absorption 0<AI-AIIa≤6%*  
Destinazione d'uso finitura matt: outdoor-indoor, rivestimenti e pavimenti  
*Intended use matt finish: outdoor-indoor, wall-floor coverings*
