Radiante

Porcelain Tiles
ISO 13006 Annex G - UNI EN 14411 Annex G - Bla GL
ANSI A137.1 - CLASS P1

We carefully selected real precious stones, meticulously choosing the ideal gems for a unique creative programme. The project we brought to fruition explores three gemstones at the moment when light interacts with them, revealing all the splendour of their translucence or labradorescence. So TNC Radiante is a visual narration of the action of light inside matter. These unique slabs shape the personalities of distinctive, luxurious, characterful interiors, perfect both for magnificent works of architecture and for intimate, mysterious interiors, creating moods of beauty and glamour.
